### LEAGUE BASEBALL

Red Deer Loses the Second Game to Calgary by a Score of 7 to 4.

Before an enthusiastic crowd of four hundred fans, Red Deer had hard luck last night when they lost to the visitors 7-4 in an exciting game. Manning and Standridge were the opposing artists, and Standridge had somewhat the best support and also pitched just a little better. Time and again the Red Deer infield were a little slow and allowed the bases to run over. Perdy was rather weak in the first and third, but otherwise he pitched good ball. Two snappy double plays in the 8th and 9th featured the game. Detailed account as follows:

Calgary first inning—Piper out, Gay to Hurley; O'Brien singled; Planagan singled; Standridge was safe when Gay threw high; Roche singled, scoring Streib and Planagan; Vivian out, Manning to Hurley, but Standridge scored; Streib flied to Daniels. 3 runs, 3 hits, one error.

Red Deer first inning—Daniels out, Wells to Streib; Mills hit for two bags; Brennan fanned; Streib flied to Meyers. No runs, one hit, no errors.

Calgary second inning—Meyers out, Brennan to Hurley; Wells out, Godfrey to Hurley; Piper hit for two sacks; O'Brien out, Brennan to Hurley. No runs, one hit, no errors.

Red Deer second inning—Hurley out, O'Brien to Streib; Dunn fanned; Gay singled and stole second; Bliss popped to Standridge. No runs, one hit, no errors.

Calgary third inning—Planagan fanned; Standridge singled, also Roche; Vivian was safe on Gay's error and Standridge and Roche scored; Streib was safe when Godfrey missed his fly, but Vivian was caught at second; Meyers was safe when Manning threw wild to first; Wells singled and Streib scored; Piper was safe but was caught at second on O'Brien's grounder. Three runs, three hits, three errors.

Red Deer third inning—Manning singled, but was caught at second on Daniels' grounder; Mills fanned; Brennan fanned. One hit, no runs, no errors.

Calgary fourth inning—Planagan popped to Bliss; Standridge fanned, Roche fanned. No hits, no runs, no errors.

Red Deer fourth inning—Godfrey fanned; Hurley out, Standridge to Streib; Dunn fanned. No runs, no hits, no errors.

Calgary fifth inning—Vivian out, Manning to Hurley; Streib out, Gay to Hurley; Meyers fanned. No runs, no hits, no errors.

Red Deer fifth inning—Gay out, Vivian to Streib; Bliss out, Standridge to Streib; Manning out by same route. No hits, no runs, no errors.

Calgary sixth inning—Wells out, Manning to Hurley; Piper fanned; O'Brien lined over second; Planagan was safe when Brennan threw wild to first; Standridge flied to Mills. No runs, one hit, one error.

Red Deer sixth inning—Daniels safe on O'Brien's error; Mills walked; Brennan popped to Vivian; Godfrey singled and Daniels came home; Hurley fanned; Dunn singled and Mills scored; Gay grounded to Streib. 2 hits, 2 runs, 1 error.

Calgary seventh inning—Roche walked; Vivian singled over second; Streib out, Godfrey to Hurley; Meyers fanned; Wells fanned. One hit, no runs, no errors.

Red Deer seventh inning—Bliss out, Standridge to Streib; Manning out, Standridge hit safely; Roche hit in to a double, Gay to Godfrey to Hurley. No runs, 2 hits, 1 error.

Red Deer eighth inning—Hurley was safe when Wells threw high; Godfrey out, Standridge to Streib; Gay flied to Streib; Standridge to Streib; Streib flied to Streib; Streib flied to Streib; Streib flied to Streib. No runs, no hits, no errors.

Calgary eighth inning—Piper flied to Godfrey; O'Brien singled; Planagan was safe on Godfrey's error and Standridge hit safely; Roche hit in to a double, Gay to Godfrey to Hurley. No runs, 2 hits, 1 error.

Red Deer eighth inning—Hurley was safe when Wells threw high; Godfrey out, Standridge to Streib; Gay flied to Streib; Standridge to Streib; Streib flied to Streib; Streib flied to Streib. No runs, no hits, no errors.

Calgary ninth inning—Vivian singled; Streib singled; Meyers beat out a hunt and Vivian scored; Wells grounded to Manning who caught Streib at third; Piper hit into a double, Godfrey to Gay to Hurley. 1 run, 2 hits, no errors.

Red Deer ninth inning—Manning popped to Standridge; Standridge popped to Standridge; Standridge popped to Standridge. No runs, no hits, no errors.

Calgary tenth inning—Manning popped to Standridge; Standridge popped to Standridge; Standridge popped to Standridge. No runs, no hits, no errors.

Red Deer tenth inning—Manning popped to Standridge; Standridge popped to Standridge; Standridge popped to Standridge. No runs, no hits, no errors.

Calgary eleventh inning—Manning popped to Standridge; Standridge popped to Standridge; Standridge popped to Standridge. No runs, no hits, no errors.

Red Deer eleventh inning—Manning popped to Standridge; Standridge popped to Standridge; Standridge popped to Standridge. No runs, no hits, no errors.

Nothing can dampen the enthusiasm of Red Deer citizens when they are asked to do honor to royalty, and Thursday-morning last was no exception to the rule. The sky was leaden and overcast, and a steady downpour of rain took place during the whole time His Royal Highness the Duke of Connaught, the Governor-General of Canada, the Duchess of Connaught and Princess Patricia were here.

There was a large crowd of people at the depot on time, and when the special train backed up to the platform, and the Duke and Princess Patricia made their appearance, three hearty cheers for the King and for His Royal Highness was called for by Councillor F. W. Galbraith and given with a vim that put the wet weather to shame.

As soon as the Duke presented himself, Mayor Welliver stepped on the rear platform of the car and read an address of welcome, to which the Duke replied in a most friendly and cordial manner. The address and reply will be found in another column.

At the last moment the guard of honor, composed of the Light Horse under Capt. Sandeman, was cancelled, as it was thought unnecessary owing to the wet weather and short stay at Red Deer.

During the conversation in the hotel, His Royal Highness spotted Wm. Piper's medal of the Fenian Raid, 1866, and remarked that he was at home with the old veterans and was always glad to meet them. The Commissioner, Stephenson, as the only South African veteran present, we believe, had his medal covered. When the train pulled out there was a warm feeling in the hearts of the people for the noble and unassuming representatives of the royal family who had honored us by accepting our invitation to be our guests for a time on their journey through the province.

(Continued on page 3)

### Secretary Davison Resigns

At a meeting of the Council of the Board of Trade on Wednesday afternoon, J. R. Davison, who has been Secretary of the Board and Publicity Commissioner for nearly two years, tendered his resignation as Secretary, to take effect October 15. The President and other members of the Board expressed their regret at parting with Mr. Davison.

Mr. Davison has been a painstaking and hard working Secretary, and has no doubt drawn many eyes towards Red Deer during his tenure of office. He will probably go into business of some kind in Red Deer.

### Rural Municipality Act Turned Down

As was expected, the Rural Municipality Act was turned down by the T-4 Local Improvement District. Wednesday last, most decidedly. The following was the vote in the several divisions of the district:

Division No. 1—0 for; 22 against.  
Division No. 2—0 for; 19 against.  
Division No. 3—2 for; 19 against.  
Division No. 4—0 for; 9 against.  
Division No. 5—3 for; 7 against.  
Division No. 6—3 for; 3 against.  
Total—16 for; 71 against.

### Debate on The Marriage Decision

A debate on the marriage decision of the Privy Council, and the Ne Temere Decree of the Roman Catholic Church, will take place in the Grand Hall at 9 p.m. on Tuesday, September 17th. The subject is "Whether it is better to ask the Holy See for permission to follow the policy of the Christian Guardian, that says, 'It is impossible to get the B. N. A. Act amended, and that the Ne Temere Decree is a thing that will utterly discredit itself, not before Protestants merely, but before the growing intelligence of Roman Catholics as well.'"

The Sentinel's view will be maintained by a man from Ulster, and we all have an idea how little it takes to make an Ulster man fight these days.

The Christian Guardian side will be taken by one of our local debaters, who will try to show it is better to stand back and let Ne Temere kill itself.

All that are interested are welcome. Admission free.

### THE TOWN COUNCIL

A special meeting of the Town Council was held Monday evening last. His Worship Mayor R. B. Welliver in the chair, and Councillors Bottorrell, Galbraith, Byers, Botsford and Malcolm in attendance.

CORRESPONDENCE.  
The 8th annual convention of the Union of Alberta Municipalities will be held at Innisfail on 10th, 11th and 12th. Notice was forwarded to the Council re delegates.

E. Michener wrote asking the Council's permission to move a small building on the site where he will build his new block on Mann St., to lots east of Advocate office.

Chief Meeres reported on his visit to the convention of Fire Chiefs at Sasatoon. He reported the meeting well attended and instructive, and of great benefit to those attending the convention.

The congregation of the Presbyterian Church asked permission to build an addition to their church on Mann street, of veneer brick.

H. Silvester, Calgary, asked for building ordinances. Could not be granted as the town was revising the by-law.

The Citizens' Band asked for grant. Pled.

The Duke of Connaught's address to the Mayor and Council on the 5th was filed.

Councillor Bottorrell favored allowing the Presbyterian Board to build the addition to the church as a brick veneer addition. It would be 22x31 feet, and as it was separated from other buildings it would be no menace to surrounding property. He did not see how we could refuse and still build such a building ourselves.

Moved by Councillors Bottorrell and Galbraith, that the petition of the Board of Management of Knox Church, under date of Sept. 9th, be granted. Carried.

Councillors Malcolm and Bottorrell moved that the petition of Mr. E. Michener re: the removal of the building occupied by Mr. J. Red as a shoe shop, to the lot east of Advocate, be granted. Carried.

"COMMISSIONER'S REPORT."  
The Commissioners brought in the following report:

We have had part of the old creek bed near the Great West Hotel covered with brush and earth so that the nuisance is abated. It is impossible to do anything with the upper parts of the creek bed at present on account of the quantity of water in them.

The bridge over the creek on Gaetz street has been completed. All available laborers have been put on this work to get it finished as soon as possible so that the road will be cleared for traffic.

It has been impossible to do any work on the Mann St. Hill lately on account of the wet weather. More filling is required before the side-slip can be laid on the hill. This will be done as soon as possible.

Pursuant to your instructions, we submit map of the town showing the property owned by the town. The S.W. q. Sec. 29 is not shown on the map. If the Councillors will leave their town maps in the office we will get the town property shown on them.

We wish to express our sincere thanks to Chief Meeres and Sup't. Havelock for their assistance in decorating, and to the citizens who showed their loyalty by decorating their premises or by loaning furniture, etc., on the occasion of the visit of the Duke of Connaught and party to Red Deer. The rain interfered with the arrangements, but the best was made of the changed circumstances. It was gratifying to see the large number of citizens who attended at the station, in spite of the rain, to assist in giving the distinguished party a fitting welcome.

We particularly regret that the arrangements for a mounted escort had been cancelled by the military authorities. The Time Lake Squadron of 15th Light Horse, under command of Capt. Sandeman, had made arrangements to furnish this escort and several had come into town before word could be sent them not to come.

We trust on some future occasion the people of Red Deer will be able to show their appreciation of the Time Lake Squadron for undertaking this duty.

Pursuant to law, the voters' list for the Town of Red Deer for 1912 was prepared and hung in the Town Office. We have the honor to have a copy prepared to hang in the post office, and will also have notices published in the local newspapers recommending the voters to check their names are on the list and if not to apply to have them added.

We recommend that we be authorized to have a police census of the town taken this fall. It will be necessary to have a by-law passed authorizing this to be done.

Engineer Dalgarno reported that the

## Mihener, Carsallen Co.

RED DEER, ALBERTA

## The Duke at Red Deer

(Continued from page 1)

Chief Mees and some of the Red Deer men had prepared a reception in the town park near the railway station, which was easily and tastefully decorated with bunting and flags, showing a wealth of pretty colors. It was here the official proceedings were to take place, but the apocryphal waiting to do of the C.P.R. station came in very handy instead owing to the rain. At the northwest end of the park the town had also put up a banner of welcome with the words "God Save the King, Red Deer Welcomes the Duke and Duchess of Connaught."

H.R.H. The Duke of Connaught

The C.P.R. station, and others did honor to the occasion with flags and bunting, but special mention should be made of the work done in the front of the Duke of Connaught's honor store, Mr. T. A. Galt's handsome draped windows with the royal colors, and the point display of the Smith, Laidlaw and Co. The special train conveying the party drew into the C.P.R. terminals here at three o'clock in the morning, and at nine o'clock His Worship Mayor Wellesley met Col. Lothian, the Duke's military secretary, and made provision for the party to leave the C.P.R. platform and station for the programme scheduled. The party consisted of:

Field Marshal His Royal Highness the Duke of Connaught and Stratford, K.C. Her Royal Highness the Duchess of Connaught.

Her Royal Highness Princess Patricia, Miss E. Pelly, lady in waiting to Her Royal Highness the Duchess of Connaught, Miss C. Adam, lady in waiting to Her Royal Highness the Princess Patricia, Lt. Col. H. C. Lowther, C.B., M.V.O., D.S.O., military secretary, Capt. T. H. Rivers-Buckley, C.M., M.V.O., quarry and controller, Capt. E. S. Worthington, R.A.M.C., M.V.O., medical officer, Capt. Long and Capt. Butler, A.D.C., C.B.

Others with the royal party are Mr. W. R. Haver, C.V.O., representing the Canadian Pacific railway; Hamilton, P.C., the Times correspondent; G. H. Wykes, of the Central News, London and Tim Healey, of the Western Associated Press.

At Red Deer the royal party met Mr. and Lady Hume Campbell and Mrs. Kohler of Newburgh Abbey, and Capt. Sterling, friends of old standing in the home land. The Duchess of Connaught did not have the train at Red Deer owing to the unfavorable weather and owing to her recent illness.

### THE TOWN ADDRESS

When His Royal Highness made his appearance, the citizens band played a few bars of God Save the King and most hearty cheers were given for the king and for the Duke of Connaught. His Worship the Mayor was then presented to the Duke and to the Princess by Col. Lothian, and read the following address:

Red Deer, Alberta, Canada, September 9th, 1912

To His Royal Highness the Duke of Connaught, K.G., Governor-General of Canada. The citizens of the District and Town of Red Deer are very pleased and glad to welcome Your Royal Highness as the Duchess of Connaught and Princess Patricia to this part of Western Canada and to have the opportunity of conveying through you a renewed assurance to His Majesty the King of their fealty to the Throne and Empire.

The distinguishing feature of this District, along with its manufacture of timber and of dairy, is its ability to dairy, stock raising and mixed farming, which branches of agriculture His Majesty the King and his illustrious predecessors and associates have ever striven to support. A good example to encourage among their subjects. Four of the leading dairy herds of Western Canada have their homes in the immediate vicinity of Red Deer and the market here for the produce is one of the best in the province. Should Your Royal Highness be able to spare us, we should be proud to show you some of the development of town and District.

The foundations of the prosperity which have attended this District have been laid by men and women of courage, intelligence and resource and the

city of eminence in the home town, the unyielding of the true spirit of loyalty and citizenship is falling in this District upon the people of various tongues and races for whom we assume to speak. The great majority of us, however, have brought with us our British citizenship and our noble traditions, standards and ideals of the British people, and we are sure Your Royal Highness and through you His Majesty the King that we shall set our best endeavor to maintain these standards and carry forward these traditions and ideals in this Western land over which floats the Union Jack. The Red Deer Memorial Hospital stands in remembrance of three of Red Deer's young men who laid down their lives for the Empire in South Africa and perhaps the first branch of the Imperial Home Rule Association west of Winnipeg was instituted by the Red Deer Board of Trade.

We are rejoiced at the restoration to health of Her Royal Highness and we all wish many other Canadians our heartiest wishes for a joyous trip through our country for yourself and those who accompany you. We believe you will have a happy and fruitful term of office among us and that the same faithfulness and devotion which have marked your past will be unreservedly placed in this Dominion at the service of the King and the people.

Signed on behalf of the Corporation and Citizens of the Town of Red Deer: R. H. WELLSLEY, Mayor.

A. T. STEPHENSON, Clerk.

### THE DUKE'S REPLY

The Duke replied as follows:— "I beg you to accept my very best thanks for your message of loyalty to the King, for your address of welcome, and for your reference to the happy restoration of the Duchess's health. In paying this short visit, my only regret is that my stay cannot be longer, as I should have liked to meet the Duchess, which is as you say especially adapted to mixed farming. I feel that mixed farming should play a larger part than it does in the prosperity of the country, and that it is only by its development that the best of living will be found within bounds."

To grow grain alone is extremely profitable, and is for the time being a necessity in the West, for exports must be obtained and mixed farming cannot be started without capital, but an industry which depends on the annual employment of thousands of casual laborers, and takes away continually from the soil without ever putting anything back, is not based on a foundation which makes in any way for permanence. That is why I look to mixed farming for the future of Canada, for it gives continuous employment to vast numbers of men; it is in accordance with the laws of nature, and, with your ever-increasing railway facilities should yield a permanent profit on a large scale. In this movement I trust that Red Deer and the surrounding district may play a prominent part, and I am sure my ever loyal and true subjects will ever follow the lead of their citizens.

### PRESENTATION OF COLOMBUS TO DUKE SCOTLAND

The Mayor then conducted His Royal Highness along the platform to the front of the station where the Duke, seated, marshaled under command of their Scout Master, Rev. C. W. G. Moore, were drawn up in line to receive their royal guests. The Duke, Lord and Lady Gordon Strome and Walter Huestis received the flags presented by the School Board for the Scouts, in presenting the colors, His Royal Highness, as Chief Scout for Canada, spoke a few fitting words, bidding us to be the best of our kind, kindness, courage, industry, and loyalty which the Scout movement is to teach. He trusted that the Scouts would prove an incentive to them to measure up to the high standards of the Scout law. At the conclusion of his brief address, His Royal Highness called for three cheers for the King, which were responded to in true Boy Scout fashion.

### THE RECEPTION

After use of the station waiting room as a reception room, His Worship the Mayor introduced to the Governor-General and the citizens and their ladies as wished to be presented. The Princess Patricia and other members of the party, and the Duke of Connaught. His Worship had the courtesy of Mr. E. Michener, M.P., Town Commissioner Stephen on, Councilors Lotso and Galbraith, Mr. G. W. Greig, President, and Mr. J. K. Davidson, secretary of the Board of Trade. A large number of the people took advantage of the opportunity of being presented. His Royal Highness was most gracious and affable and after the reception, thanked most pleasantly with Mr. Wm. Hume and Mr. G. W. Smith, leaving the reception of the band playing a number of patriotic airs, and continued their full share to the enjoyment and success of the occasion.

### THE PRINCESS PATRICIA

The embarkation of the party was accompanied by hearty cheers for the King, the Duke of Connaught, and Princess Patricia. The Princess appears very strongly to the imagination. She is in the first flush of youth in its most attractive stage. She has been described as lovable as well as lovely—natural and winning and sympathetic. Princess Patricia is much more beautiful than any of her biographers have been able to describe. She is very fair, with extremely pretty features, a perfect complexion of the finest pink tone, and a very charming voice. These points of beauty cannot be reduced in a photograph, and so the Duke's English biographer, who writes that Princess never receives full justice in her portraits. She is quite large and

very tall, whereas many of her pictures suggest that she is slight, willowy, and not above medium height. At the rest of His Royal Highness, the 10.5 and 11.5 of the senior were given a day's holiday in honor of his visit. His Royal Highness seemed quite pleased with the reception accorded him, and privately expressed his thanks through His Worship to the citizens for their welcome. In spite of the rain, the town did itself credit in the reception, and Mayor Wellsley and the Town Council, who monna a to visit Red Deer when there was some talk of his coming west, were gratified that the visit, short as it was and with wet weather, came off so happily.

## Edmonton Notes

Edmonton, Alta., Sept. 5.—John Egan, a trapper and homesteader in the Fraser River Valley, who is in Edmonton for his water supplies, reports there are 25 inches to the square mile in the district, also that deer are numerous. He made a large fur catch last season, disposing of the pelts in this city at good prices. Egan paddled a dugout canoe from Fort George to Two-Jump Cache, 300 miles, without mishap. There are many rapids in the Fraser river, making the journey more or less hazardous, but many settlers, he says, are going down the swift stream in small boats and rafts, taking household goods and

farm implements. Six hundred men and women have gone into the district in the last 90 days. The overland road from the Peace River country to Fort George is a long and difficult one. It is used chiefly by trappers, tourists and prospectors in search of big game, scenery and minerals.

Edmonton, Alta., Sept. 5.—Sgt. H. Carpenter, for 17 years chief of detectives of Montreal, who will succeed A. C. Laney, resigned, as chief of the police department of Edmonton, September 25, has a good international reputation as a thief-taker. He was brought into world wide prominence in 1903, in connection with the arrest of Guyon and Greene, the central figures with Captain Carter in the federal building craft cases at Savannah, Ga., landing them after an exciting chase in a tug boat up the St. Lawrence river. The prisoners spent fortunes in fighting extradition, but were finally delivered to the United States authorities. Carpenter also handled numerous important cases in Canada, the United States and Cuba. He is president of the Chief Constables' Association of Canada, to which office he was elected by unanimous vote at the convention in Bramford, Ont.

Edmonton, Alta., Sept. 6.—When the city council of Edmonton called a special election for September 23, Farmers' Circular No. 3, of the Division of Botany, and is being distributed by the Publications Branch of the Department of Agriculture.

There has been issued, by direction of the Minister of Agriculture at Ottawa, a conspicuous poster calling the attention of potato growers to the importance of examining their crop to ascertain whether or not it is infected with "Potato Canker." The larger shows in natural colors a potato plant the whole yield of which is affected by the disease. It also shows the appearance of individual tubers in which the Canker has started to work. Growers who discover suspicious symptoms of the disease in their crop are requested to send affected specimens to the Dominion Botanist, Experimental Farm, Ottawa. The poster is issued as Farmers' Circular No. 3, of the Division of Botany, and is being distributed by the Publications Branch of the Department of Agriculture.

#### WORLD FREE TRADE IN CANADIAN INDUSTRIES?

Under this head, a heated discussion has been going on between the Grain Growers' Guide on the one side and the Toronto News on the other.

The Guide calls the News' articles incoherent ravings and only general statements, and challenged that paper to prove any of its statements that industries would be ruined. It asks the News the following question:

Statistically, any two considerable industries that would be ruined by gradual tariff reduction resulting in absolute free trade in five years, given no facts to substantiate your answer, as general statements prove nothing. The News replied:

The binder twine industry is an industry almost dead already largely by reason of free trade. A few years ago most of the binder twine consumed in Canada was made in Canada by Canadian manufacturers, and that Canadian workers and their families obtained a decent livelihood from the industry. Today our market is almost altogether supplied from the American plants of the United States Harvester Trust.

In 1897 the duty on binder twine was reduced from 12 1/2 per cent. to 10 per cent, and in the following year it was removed altogether. The twine was being stricken. In 1896 we spent \$154,220 on United States twine. During 1911 we paid \$1,208,333 for the same product. The Brandon, Arden, Waterloo, Chatham, Port Hope, Peterborough, Toronto and Kingston binder twine factories have been closed, and the capital loss involved has fallen largely upon the farmers who hold stock in these enterprises. A Quebec company has reduced its output of binder twine from 6,000 tons to 800 tons per annum. Two out of its three mills have passed out of existence. How many binder twine factories remain in Canada and do not these keep their doors open largely on their output of rope? In short, has not the Canadian binder twine industry been killed by the tariff? The right binder twine factories with their invested capital, and not the remaining plants being partly kept alive by Government bounties introduced as a make-shift? This in the face of the heavy growth in the demand for the finished article due to the vast agricultural developments on the Western prairies?

WHAT MIGHT HAVE BEEN. Had the duty not been taken off the enormous increase in the prairie grain crop would have caused binder twine factories to arise all over the country, and the West, where thousands of tons of this twine now go to waste every year, probably could have secured a number of these plants. In that event the \$2,000,000 now paid out across the line for binder twine would have remained in circulation in this country. It would have gone into the pockets of Canadian workers and built up Canadian towns instead of enriching an American trust. The towns in turn would have provided large home markets for the food products of Canadian farms. Our loss factories have been unable to compete with the powerful United States plants which enjoy an unequal advantage in a virtual monopoly of raw materials from Mississippi.

Continued protection would probably have stimulated our manufacturers to utilize the immense quantities of

good wheat flour now lost every year in the West. This is not a plea for restoration of the duty. The binder twine industry is mentioned only to show The Guide one ruined and free trade and surely largely by free trade.

#### THE WOOL INDUSTRY.

At one time in Canada a great many woolen mills, engaged in the manufacture of goods, sound low priced or medium-priced clothes, but which our native wool-growers and are especially adapted. We had and have ideal conditions of soil, climate and water. We imported English and Scotch wool growers and English wool mill operatives. We had the capital and the industry thrived. Then a few years ago came a drastic reduction in the duty on manufactured goods and before long the Hesper, Campbellford, Cornwall, Montreal, Beauharnois, Hawthorne, Loomis, Perth, Streetsville, Markham and Galt mill were forced out of business. Sum of our former manufacturers now have plants in the United States and their Canadian operatives have followed them to secure a livelihood. Free imports of raw wool have not saved the domestic industry, and the number of sheep in Canada has decreased steadily despite the rapid growth in population and in the consumption of wool and wooler materials. One reason why the Canadian woolen manufacturer requires protection is that he pays his employees \$2.50 as compared with the dollar received by the European workman. Our artisans live on a higher plane than their competitors in the old world. Surely the Western farmer would not rob them of their comforts. Surely in this country all should live and let live. The writer has no idea that the Government thinks of restoring the old duties. The situation is cited merely in order to show the Guide's pique. The Canadian woolen manufacturer has almost disappeared by reason of lower duties on his products and in spite of free trade in wool which has largely killed the domestic sheep-raising industry. Many other industries that would be destroyed by free trade could be mentioned, but The Guide asked for two only and the writer has replied in the past time instead of future time. He has given ample proof of his facts instead of prophecies.

#### AN EARLY ELECTION

It is rumored that the Sifton Government will appeal to the electors on the 23rd of October. No doubt the Liberal party in the Western part of Alberta want an election this fall. The party could not survive exposure expected by the Cross protest. The failure to carry out promised railway development is another reason why they want an election, so they can get a snap verdict from the people. There is a quiet undercurrent of work going on which looks suspicious. In Laramie, Mont. Charles McCall, Minister of Public Works, looked over the Gulf Lake tract a few days ago and promised to give them a good road to the lake that will be in for a few days at all time. This looks like a bid for support to the Liberal candidate, and the same thing is going on all over the province. But if Premier Sifton and his Ministers had to ride over the road in the Red Deer constituency they could see a few complaints before they had ridden fifty miles. What the people want is more money. For roads and less for parliament buildings, government residences and other folk. In this connection we might say that the money of Mr. McCall for roads, and for which due credit was given, have been withheld on a very lame pretext and the settlers are suffering in consequence.

#### WHAT ONE WOMAN CAN DO.

The Toronto Globe, in speaking of what one woman can do, says: To build and equip a cottage hospital and hand it over to the town free of debt has been the loving task—a task performed in two years—of one woman. "Elizabeth Watson" is a name very well known in Britain as the noble plume of a popular writer. This young woman came to Islay, Abertay, two years ago on a visit to her sister, who was the wife of a farmer in the locality. She saw the need for a hospital, and at once set to work to raise the necessary funds. She collected funds wherever she could until the money necessary to pay for the building was in sight. She wore green gowns around her hat, and so became known as the woman with "the green veil." The story of this woman's splendid services to humanity will be long remembered. It exemplifies what one earnest, tender-hearted woman can do to help those who suffer.

Rev. T. Albert Moore is reported as saying that no community has a right to call itself Christian as long as it permits one liquor license to remain. There are some, who do not go to the Rev. T. Albert, for their religion, who will prefer to be classed with the publicans and sinners than with the hoier than thou reverend gentleman. As an exchange reply, remarks, intemperance of language is not likely to extinguish intemperance in the use of liquor.

### Alberta Elevator Business Promises To Become Absorbed

Calgary, Sept. 11.—Sir Max Aitken, M.P., with a number of English associates and R. B. Chouinard, M.P., M.E., have purchased from Messrs. Beiseker, Davidson and Strong the Elevators of the Alberta Elevator Company, Limited, the West Coast Grain Company, Limited, and the terminals of the Globe Elevator Company, Limited, some eighty elevators in the province. The money involved is not given but it is understood to be several million dollars.

The party proposing making a considerable investment in the terminal of elevators and will, by a vigorous campaign of construction, endeavor to concentrate in this city as far as possible the wheat-storing grain business. The plan will be to open up by the Panama canal.

The foregoing announcement, given out officially yesterday, is fraught with tremendous consequences for the future of Calgary. It means, first of all, the opening of a definite and planned plan for the future of this city the grain-shipping center of Western Canada. It means that Calgary is destined to occupy the same share of relative importance in the western district of the grain-growing provinces that Winnipeg occupies in the east.

A total elevator capacity of practically 5,000,000 bushels is involved in the transaction.

The largest of the elevators involved in the transaction is the terminal of the Globe Elevator Company, Limited, in this city, with a total capacity of 100,000 bushels.

All the other elevators involved, with one exception, are located in Alberta. The exception is the elevator of the Alberta Elevator Company at Maple Creek, Sask. The transaction takes effect immediately as plans for it have been making for some time. All of the elevators are now closed and the best of shape for handling the big harvest this fall.

#### Open Season For Moose.

The Loyal Order of Moose are now organizing a lodge in Red Deer, and the surprising rapidity with which the boys are becoming Moose indicates the fact that the boys are not behind the time in knowing a splendid order when it comes one.

The objects of this Order are to unite mankind in one great brotherhood, subservient to God and man, to purify and elevate society in general and advance the spirit of Brotherhood and good fellowship.

Organized S. B. Parker is favorably impressed with me was the applications are coming in. There are a good many old Moose in town and they think it will not be long in getting a charter for Red Deer, as it takes fifty members to get it. We feel sure that the number will be reached in the next two or three days. Indeed the following Moose list is sure to be reached. Put on your best foot.

### IMPLEMENT PLANT TO LOCATE IN RED DEER

Financiers on Way to Alberta to Pick Location for a Large Manufacturing Concern.

Winnipeg, Sept. 11th. W. P. Bull, K.C., Toronto, the well known financier registered at the Royal Alexandra Hotel, on an important trip through the west. Mr. Bull has been living in England for the past year and a half, and is now on his third trip to the west. Mr. Bull is the head of the firm of B. H. Bull and company, proprietors of the famous Brampton head of Jerseys, the largest export dealer in pure bred Jerseys under the British flag.

Robert N. Helme, the large old cloth manufacturer of Lancaster, England, a member of the British Empire, and intends to make a business tour of the west with a view to investment. The main object of our visit to the west," said Mr. Bull, "is to locate a suitable site at Red Deer, Alberta, for an agricultural implement manufacturing plant, and also to locate one of the largest nurseries and green houses in western Canada. Both of these industries are to be founded in British Canada. Mr. Bull is a member of the continued interest of English capitalists in Canada. Mr. Bull said "There is abundance of British capital available for Canadian investments, but I am strongly of the opinion that it would be much better for the British investor and for Canada if a larger percentage of this money would be used for other agricultural development or in industrial manufacturing enterprises, provided, of course, suitable industries and localities were located. I am looking forward to my trip through Alberta and Saskatchewan, and will make it as late as possible, as my wife and six calves are waiting for me at Brampton, P.O. town, where we will stay for a period," were Mr. Bull's parting words to the reporter.

### An Ill-Mannered Address.

(Winnipeg Telegram) The most salacious paragraph of the address presented to the House of Commons by the Mayor of Edmonton on behalf of the city council, was a refreshing paragraph of a national disgrace and contained, besides, a display of boorishness of which it is hardly credible that a Canadian representative body could be guilty. The address began by a declaration of loyalty to the British Crown, which it immediately qualified with the statement that Canada must have opportunity, for "this, and this only, shall entitle us to our place as a nation." It is needless to say that the crown, as resident in the person of the sovereign's representative, has nothing whatever to do with the party political issue. He can only listen to the advice of his responsible minister. His personal opinion is of no account in the conduct of the government. The crown is simply the focus of national activity as a whole and a lens does not generate light of its own.

It is extraordinary how the more democratic a country is, the more the idea of responsible individual authority is held in the hands of office-holders holds sway. But surely in Canada we should have a firm enough grip on the principle of responsible government to avoid such grotesque exhibitions of ignorance and bad taste.

Of course the object of the manner was to get enough. It was to extract some sort of response. But any time a group of unscrupulous politicians attempt to catch one of our citizens in that way, they reckon without their loss. Such an address should never have been presented, but having been presented, it was treated with contempt by the press.

The real question which the mayor and council of Edmonton have is against the people of Canada as represented by the government, who are sovereign over all political issues which come in their own good. Their threat of disloyalty and disunion is directed against the union of Canada. It should be obvious that no community, however important, not even a city council, has the right to demand a government to suit its own convenience or desires. The argument that it will decline to be good unless it gets its own way is purely selfish. The good of Edmonton has not done honor to the splendid city it represents, and the real charitable view is that some day, when the city is a better place, it will be able to do so without the aid of the council of the people of Edmonton being aware of its own foolishness in demanding a government to suit its own convenience or desires, and its sinister suggestion of other respect.

### Crops in Ontario Suffer From Rains

London, Ont., Sept. 3.—According to agriculturists the past few days have been the worst possible weather for the crops, which was in a perilous condition before the storms of yesterday and Sunday. It was the worst of the worst. The crops would be saved, but it is now assumed that heavy losses will be felt in the districts about London. A well known farmer of London township has 80 acres of oats still at the mercy of the wet weather. It has been his custom to adopt the method of the northern farmers to thrash his oats in the field. The heavy rains of the past few weeks would have chance of using this system. "The losses will be experienced by some farmers in this section," said a farmer today. "There is going to be a lot of money lost this year by the men who have sown too many acres. Oats that still remain in the field will be a total loss after last night's gale."

### Deers Down Bronchos in First Game of Post Series.

Red Deer took the first game of the post series with Calgary on Monday by good playing on their part and poor playing on the part of the Bronchos. Dickenson was strong and allowed no few hits and he was well supported. He passed the first man up and that was the only reason he did not blank the visitors, as Flanagan's three-base hit brought that man in. Detailed account as follows:

Calgary first innings—Piper walked; Wells sacrificed; Flanagan hit for three bases, scoring; Piper's Myers out, Dickenson to Hurley; Roche fanned. One hit, one run, no errors.

Red Deer first innings—Daniels walked; Mills singled; Brennan sacrificed; Daniels came home when Roche third wilder over third, and Mills came home on passed ball by Roche. Flanagan was safe. Flanagan's Hurley flied to Flanagan; Dunn fanned. One hit, two runs, three errors.

Calgary second innings—Vivian fanned; Streib out, Brennan to Hurley. No hits, no runs, no errors.

Red Deer second innings—Gay walked; Daniels and Dunn walked for the Deers while Ford and Munro held the pitching position for Edmonton. The northerners gathered 14 hits off Daniels in the first game and got 12 runs to Red Deer's 6. Wild-man got a home run. Score by innings—

Red Deer ..... 20010001—6 8 5  
Edmonton ..... 20130015—12 14 0

The second game was better for Red Deer anyway, as they won 9-7. It was a heavy hitting game. Whiteman got another homer, and Hurley and Dudley also got homers. The score by innings—

Red Deer ..... 530100—9 12 2  
Edmonton ..... 100123—7 14 2

Calgary and Bassano also broke even in a doubleheader, by which means Bassano held their position in third place and Red Deer holds the cellar position. The league stands:

Calgary ..... W 1, P 2, A 1, 1756  
Edmonton ..... 25 20 460  
Bassano ..... 16 25 390  
Red Deer ..... 17 20 302

Red Deer fourth inning—Dickenson struck out; Mills singled; Brennan fanned; Streib fanned. No runs, one hit, no errors.

Calgary fifth inning—O'Brien singled; Pippen fanned; Wells popped to Hurley; Flanagan out, Brennan to Hurley. No runs, no errors.

Red Deer fifth inning—Gudfrey out, Wells to Streib; Hurley by the same error; Dunn was hit but was caught at second on Gay's fly. No runs, no errors.

O'Brien to Wells. No runs, no hits, no errors.

Calgary sixth inning—Myers out, Dickenson to Hurley; Roche popped to Streib; Hurley flied to Hurley; Vivian popped to Hurley. No runs, no hits, no errors.

Red Deer sixth inning—Bliss fanned, Dickenson fanned; Daniels out, Barkamp to Streib. No runs, no hits, no errors.

Calgary seventh inning—Streib popped to Gay; O'Brien fanned to Hurley; Barkamp fanned. No runs, no hits, no errors.

Red Deer seventh inning—Mills got on in Wells' error and stole second; Brennan hit to Barkamp, who threw a third to catch Mills, but both were safe; Gudfrey walked; Hurley flied to Myers and Mills came home; Dunn singled and Brennan came home; Gudfrey was caught at third on day's grounding to Barkamp; Bliss out, Roche to Streib. 2 runs, one hit, no errors.

Calgary eighth inning—Piper out, Gay to Hurley; Wells popped to Hurley; Flanagan flied to Daniels. No runs, no hits, no errors.

Red Deer eighth—Dickenson hit and got to second when Piper missed his fly, but was caught coming home when Daniels grounded to Vivian; Mills flied to Myers, and Daniels was caught between second and third. No runs, no hits, no errors.

Calgary ninth inning—Myers out, Brennan to Hurley; Roche hit for three bases; Vivian out, Brennan to Hurley; Streib flied to Daniels. No runs, one hit, no errors.

Hits, off Dickenson 5, off Barkamp 1; bases on balls, off Dickenson 2, off Barkamp 6; 2 base hits, 3 base hits, Flanagan, Roche, struck out, by Dickenson 5, by Barkamp 1.

Score by innings—  
Calgary ..... 100 000 000—1 5 5  
Red Deer ..... 212 000 205—7 1 0

### RED DEER AT BOTTOM OF SECOND SERIES.

The Deers played four games at Edmonton last week in the final part of the second series, and broke even in their winnings. They played a doubleheader on Friday and Dickenson lost his game 4-1, but Manning won his 6-4. Both teams played fine ball in the first game, but Dickenson was hit much oftener than Heinrich. The score by innings—

Red Deer ..... 000000001—1 6 0  
Edmonton ..... 00310000—4 11 0

Edmonton tried some new ones in the box in the second game and Red Deer had it easy. Manning only allowed 5 hits and conducted himself well otherwise also. (Gay was back again at shortstop with Brennan in right field. Score by innings—

Red Deer ..... 1220001—6 8 2  
Edmonton ..... 1000020—3 5 4

Bassano put one over on Calgary in a poor exhibition on Calgary's part, by the score 8-5.

On Saturday Edmonton and Calgary again broke even in a doubleheader. Daniels and Dunn worked for the Deers while Ford and Munro held the pitching position for Edmonton. The northerners gathered 14 hits off Daniels in the first game and got 12 runs to Red Deer's 6. Wild-man got a home run. Score by innings—

Red Deer ..... 20010001—6 8 5  
Edmonton ..... 20130015—12 14 0

The second game was better for Red Deer anyway, as they won 9-7. It was a heavy hitting game. Whiteman got another homer, and Hurley and Dudley also got homers. The score by innings—

Red Deer ..... 530100—9 12 2  
Edmonton ..... 100123—7 14 2

Calgary and Bassano also broke even in a doubleheader, by which means Bassano held their position in third place and Red Deer holds the cellar position. The league stands:

Calgary ..... W 1, P 2, A 1, 1756  
Edmonton ..... 25 20 460  
Bassano ..... 16 25 390  
Red Deer ..... 17 20 302

Red Deer fourth inning—Dickenson struck out; Mills singled; Brennan fanned; Streib fanned. No runs, one hit, no errors.

Calgary fifth inning—O'Brien singled; Pippen fanned; Wells popped to Hurley; Flanagan out, Brennan to Hurley. No runs, no errors.

Red Deer fifth inning—Gudfrey out, Wells to Streib; Hurley by the same error; Dunn was hit but was caught at second on Gay's fly. No runs, no errors.

O'Brien to Wells. No runs, no hits, no errors.

Calgary sixth inning—Myers out, Dickenson to Hurley; Roche popped to Streib; Hurley flied to Hurley; Vivian popped to Hurley. No runs, no hits, no errors.

Red Deer sixth inning—Bliss fanned, Dickenson fanned; Daniels out, Barkamp to Streib. No runs, no hits, no errors.

Calgary seventh inning—Streib popped to Gay; O'Brien fanned to Hurley; Barkamp fanned. No runs, no hits, no errors.

Red Deer seventh inning—Mills got on in Wells' error and stole second; Brennan hit to Barkamp, who threw a third to catch Mills, but both were safe; Gudfrey walked; Hurley flied to Myers and Mills came home; Dunn singled and Brennan came home; Gudfrey was caught at third on day's grounding to Barkamp; Bliss out, Roche to Streib. 2 runs, one hit, no errors.

Calgary eighth inning—Piper out, Gay to Hurley; Wells popped to Hurley; Flanagan flied to Daniels. No runs, no hits, no errors.

Red Deer eighth—Dickenson hit and got to second when Piper missed his fly, but was caught coming home when Daniels grounded to Vivian; Mills flied to Myers, and Daniels was caught between second and third. No runs, no hits, no errors.

Calgary ninth inning—Myers out, Brennan to Hurley; Roche hit for three bases; Vivian out, Brennan to Hurley; Streib flied to Daniels. No runs, one hit, no errors.

Hits, off Dickenson 5, off Barkamp 1; bases on balls, off Dickenson 2, off Barkamp 6; 2 base hits, 3 base hits, Flanagan, Roche, struck out, by Dickenson 5, by Barkamp 1.

Score by innings—  
Calgary ..... 100 000 000—1 5 5  
Red Deer ..... 212 000 205—7 1 0

**We have a few new Bicycles**  
Left which we will sell at cost, too clear. These are real good machines, and well worth the price we are asking for them.  
**W. R. DAVIS**  
GUNSMITH - GAETZ AVENUE, S.

## Sifton Likely to Go to Voters on October 23

### GENERAL ELECTION RUMORS ARE AGAIN CURRENT, DUE TO THE EXPOSURE OF RAILWAY CONDITIONS IN ALBERTA

### Fear of Protests in Court Another Cause

The anticipation that a general election will be held in this province this fall assumed definiteness through the very current rumor that the Sifton government is preparing to hold the election on October 23rd.

This cannot be verified, for Premier Sifton is never disposed to give out information which might serve the province at large by permitting its people to reach a mature decision on the issues which will be most debated when the election is held.

It is understood, though, that the total failure of the government to make any adequate, or even reasonable, headway with the fulfilment of its railway policy practically compels it to go to the country before the fact becomes apparent to everyone.

**THE SPECTACULAR POLICY.**

The government brought down in the last session of the legislature a spectacular policy for the reconstruction of some 1,800 miles of railway. The country was dismissed with paper railways.

Since then, it is pointed out by leading politicians, Premier Sifton vainly declared that he would have 600 miles of new railway in operation before he calls the next session of the legislature this year.

Neither of these promises to the people can be fulfilled, neither will the both be absolutely impossible. The impossibility of such being done must have all along been so apparent to the government, say those who know, that it will be interesting indeed to learn by what course juggling of trackage he will be able to demonstrate his statement.

So, it is pointed out, that if the government delay much longer, in going to the country the decision of the railway policy will be revealed, and the people will discover how they are being tricked. The only thing the government can do, it is claimed, is to hold an election before this becomes apparent.

Other reasons for holding an election to show the reliability of the rumor that the general election will be held this fall, and not improbably on October 23, are also advanced. The government cannot afford to have the protests against the elections of two of its members pushed to a final issue in the courts, and also because the true financial condition of the province must in time become revealed in all its naked implications.

The election protests lodged against the return of Hon. C. W. Cross and Hon. Malcolm MacKenzie undoubtedly by possessing such substantial evidence as to cause unwelcome worry to the government. Under certain circumstances the government might be indifferent to the fate of that which concerns Mr. Cross, but as it is understood Premier Sifton realizes the impossibility of his return in his present riding of Vermilion, he contemplates standing for election with Mr. Cross in this city. Since the other election petition concerns Mr. MacKenzie, the premier date not will afford to have it argued in the courts, lest it should be the cause of removing from his cabinet so trustworthy a headman as the present provincial treasurer.

**HOODLUMS INVADE Religious Meeting**

Montreal, Aug. 30.—A despatch from Ville St. Pierre, a French Canadian village not far from this city, reports a extraordinary incident made last night on the table of the court, lest it should be the cause of removing from his cabinet so trustworthy a headman as the present provincial treasurer.

**GOOD BATHING PLACES.**

Lame man—A limp lake.  
Blind man—A sand.  
Bleak man—A well.  
Cricketer—A run.

A crook—A strait.  
Gambler—A pool.  
Shipwrecked—A wreck.  
Burglar—The breakers.  
An athlete—A spring.  
Messenger boy—The rapids.  
The czar—The surf.

**Boy Hanged on a Trap**

The Birmingham coroner investigated a case in which the thirteen-year-old son of Mr. Leonard Allwright was accidentally hanged on a trap set for a rabbit. The boy had been playing with a gun, and in a bit of home fun had set up a trap. In some unexplained way he got his head in a loop formed by the rope, and was found hanging in the loft dead. A verdict of "Accidental death" was returned.

**Overworked the Cow**

A Holstein cow died at Phillipsburg, Ont., after undergoing milking tests four times a day for two weeks, in which a record was made. A cow is like a man in some respects; it can be worked overtime, but not for long without suffering. Nature exacts a penalty when it is abused.

**Forty Girls Leap From Second Storey**

Chicago, Sept. 1.—Forty girls were forced to leap out of the second storey window to escape death to day, when an explosion caused by benzene vapor, wrecked the building occupied by a dyeing and cleaning establishment.

**The President's Salary**

An annual salary of \$75,000, together with a travelling allowance of \$25,000 is granted to the President of the United States of America.

**Big Herring Catch**

On one trip no fewer than 10,000,000 herrings, valued at \$100,000, were landed by 325 boats at Fraserburgh in Aberdeenshire.

**SIX MONTHS CREDIT SALE BY AUCTION**

**THE TWIN CITIES**

An English Writer Sees Great Future For Arthur and Fort William

L. Scheff, F.R.C.I., has been writing in "The Glasgow Herald" a series of articles on Canada, which he calls "A Mighty State in the Making." In one of these articles he says:

"Two towns which were included in my journey need special mention, for they obviously have a great future in front of them. I allude to the twin cities of Port Arthur and Fort William on Lake Superior. Some idea of the importance of these places may be gained from the fact that all the grain grown in the West has to be shipped to the East, whence a large proportion is exported to foreign markets. Port Arthur and Fort William offer the greatest convenience for covering a considerable part of the carriage by lake transportation, thereby saving the heavy freight charges of a long railway haul. Both towns are preparing themselves for their future with iron, steel, and machinery. Both are equipped with huge grain elevators. And, separated as they are by a couple of miles, the probability is that they will unite one day to form one great combined city. They have busy streets, fine asphalt pavements, and broad sidewalks. Their admirable thoroughfares, pleasant homes and thriving manufactures tell the story of Canada's increasing prosperity, showing that the gateway between the East and the West, this promise to become the Liverpool of Canada."

**WEDDING AT PINE LAKE.**

A pretty wedding took place at Holy Trinity Church, Pine Lake, on August 15, when Mr. George Bain, of Pine Lake, was united in marriage to Miss Margaret D. Masson, of Inverness, Scotland. Miss Masson has been a companion of Mr. Smith, from her own town, while Capt. Sandeman supported the groom. Rev. C. Graves, vicar of Teyford, Bucks, England, officiated. Mr. and Mrs. Bain will have the good wishes of many friends in the Lake district and in the home land.

**DR WOODS HUTCHINSON**

**CANADA'S PULPWOOD**

Discussed in a Recent Bulletin of the Forestry Branch

Ever since the Province of Quebec forbade the export of pulpwood cut from Crown lands, considerable interest has been taken in the question as to how the price of pulpwood would be affected. A leading paper trade periodical estimated that the price of pulpwood had advanced one dollar per cord. This is corroborated by the bulletin on pulpwood lately compiled by the Forestry Branch of the Department of the Interior. According to this bulletin the average price of pulpwood in Quebec province during 1911 was higher by fifteen-seven cents than during 1910. In Ontario the price actually fell twenty cents per cord, while in Nova Scotia and New Brunswick increases of twenty-nine and twenty-two cents respectively are announced. A question that is just beginning to come to notice in the Dominion is the utilization of sawmill waste as an actual pulp-making. A very small quantity of such waste is so utilized by three firms which own both sawmills and pulpworks.

**GOOD BATHING PLACES.**

Lame man—A limp lake.  
Blind man—A sand.  
Bleak man—A well.  
Cricketer—A run.  
Fireman—A stream.  
Inebriate—A tank (or the Falls).  
A crook—A strait.  
Gambler—A pool.  
Shipwrecked—A wreck.  
Burglar—The breakers.  
An athlete—A spring.  
Messenger boy—The rapids.  
The czar—The surf.

**OUR ROYAL GOVERNOR-GENERAL - AL. A. TEMPERANCE MAN.**

It may not be generally known that our Governor-General is a temperance man, but according to an English writer in the Union signal he is a strong sympathizer with temperance reform and a personal advocate of the abstemious life. A part of the article referred to is as follows:

For a long period the Duke of Connaught has been president of the Royal Army Temperance Association of Britain, acting not merely as an ornamental head, but by chairman ship of meetings, messages of encouragement, and like means evincing a keen interest in the work and progress of that important organization. By personal inspection he has verified the claim of the Association as to the good it has achieved in protecting young soldiers against liquor temptations and in providing countervailing agencies. He recognizes the advisability of the establishment of temperance rooms at all military stations, knowing that the men like them and that such institutions are an invaluable help, especially to recruits, in resistance of the allurements of the saloons. In July, 1906, His Royal Highness was honorary president of the twelfth International Congress of Alcoholism held in the Imperial Institute, London; and in the following year, during his South African tour, as royal representative to inaugurate the South African Federation, he received a deputation of Bechuanaland chiefs desiring his aid in the leave or to keep the curse of alcohol out of their territories. The chiefs were encouraged by his sympathetic reply.

The excellent health which the Duke enjoyed in the summer of 1902, when so strenuously engaged in military duties amid the heat and trying climatic conditions of Egypt, he attributed to his practice of total abstinence then.

In May, 1906, while presiding over a large assembly of soldiers with their relatives and friends, the Duke of Connaught expressed the deep pleasure he had in this giving his countenance and cordial support to the temperance principles and aims of the meeting sought to promote. He declared it a source of great satisfaction to himself, and he believed to all the country, to note the steady increase of sobriety among the men by his own observation during his tour of inspection of the various depots, and by inquiries as to the habits of the men, he was convinced that a real and considerable improvement had taken place recently. Whatever position was held, especially as many of his audience held, "A man was all the better for being temperate."

Many incidents show the Duke's popularity which has assisted in increasing the temperance influence he exerts. While in command at Malta at the time of the Messina earthquake, he proceeded for hours consecutively, personally supervised the despatching of necessities and medical comforts for the sufferers. Later he visited a hospital camp on the island only one officer was then in the camp, a surgeon performing an operation. Informed of the Duke's presence, he proceeded to finish the operation before receiving his royal superior. He apologized for the delay by explaining the circumstances. "Oh, that's all right," replied the Duke, "I forgive you gladly for that. If you had left some poor fellow in pain to come to look your hind end, you would have been the kind of fool that I do not forgive. Shakspeare."

It has been stated that the young daughter of the Duke of Connaught, Princess Patricia, is a personal abstainer; and that his oldest daughter, Princess Margaret, who by her marriage on June 15, 1905, became the Crown Princess of Sweden, is a strict teetotaler. Queen Princess is a member of the white ribbon union of her adopted land, and displays deep interest in its work and success.

**THE ANNUAL MEETINGS OF SEVERAL GRAND TRUNK ENTERPRISES WILL BE HELD DURING THE MONTH OF SEPTEMBER AS FOLLOWS:** Grand Trunk Pacific Railway, Sept. 17th, in the office of the company, McGill Street, Montreal; Grand Trunk Pacific Branch Lines Co. and Pacific Northern and Quebec Railway, Sept. 18th, in the same place; Ottawa Terminal Railway Co., Sept. 21st, in the office of the company, Central Station, Ottawa.

The annual gathering of the Grand Army of the Republic is being held this year in Los Angeles and the Grand Trunk is handling a large number of members from eastern States as far as Chicago. The Massachusetts delegation, numbering 150, leaves Boston, Sept. 3rd, in a special train of six Pullman sleepers and a Grand Trunk dining car. They will leave Los Angeles, Sept. 14th, and will pass through Montreal, Sept. 20th. The Northern New England delegation from Maine, New Hampshire and Vermont leaves St. Albans, Vt., Sept. 2nd, and will return as units. There are 150 in this party which will travel in a special train of seven cars. The Connecticut delegation, numbering 20, leaves New York, Sept. 3rd, via the Lehigh Valley to Suspension Bridge, where their special car will be attached to Grand Trunk train No. 3 for movement to Chicago.

A party numbering 25, among whom are a number of French Canadian representatives from the United States, has been organized by Father Giroux and left Montreal over the Grand Trunk Railway for C.P.R. yards, about 100 yards from the station, where they will travel to Morinville in a connecting train.

Twenty-five Simcoe Consolidation operatives with supervisors are being delivered by the Montreal Locomotive Works to the Grand Trunk Pacific and will be despatched east to Winnipeg as quickly as they are received, for use on the Lake Superior division in connection with this year's crop. As each of these operatives is tremendously powerful, and with a hauling capacity of more than 50 grain cars, it will be seen that the G.T.P. is sparing no efforts to assist that the crop shall be handled with the utmost promptness and efficiency. In this connection it is interesting to note that for the crop of 1912, from September to July, 12,145 cars were inspected at Winnipeg for the G.T.P. out of a total of 172,815, the remainder belonging to the C.P.R., C.R. and G.N.R. These figures include oats, barley and flax, as well as wheat. For the same period 1910-1911, the Grand Trunk inspected 6,836 cars out of a total of 77,410, so that it can be seen how greatly the company's equipment has increased to meet this traffic. The development of the tract and the ever growing tax upon the railroads can be seen from the fact also that between the harvest periods of 1901-2 and 1910-11 the total number of cars inspected were from 55,000 to 67,000; the lowest year being 1903-4 when 39,249 cars were inspected and the highest, 1909-10, when 110,999 cars were inspected.

If the use of railroads is maintained this year as was the case during the preceding period a total of at least 220,000 cars will be required.

Reports from Toronto state that the harvest excursion movement from that city yesterday over the Grand Trunk was considerably in excess of that earlier in the week and it is believed that when the final figures are checked up it will be found that from 4,000 to 5,000 recruits went west to play their part in swelling the world's bread supply for this ensuing year.

Edmonton, Alta., 6.—One and a half million dollars is the estimated cost of construction and equipping the Grand Trunk Pacific hotel in Edmonton, upon which work will begin in a few days, with a view to having it ready for occupancy the latter part of 1912. The structure is seven stories, with full basement, 185 by 250 feet, will be of steel, concrete reinforced and stone. The architecture being of the chateau type modified to conform to present day conditions. There will be 300 sleeping chambers, in addition to several dining halls, parlors and special rooms. The building will occupy a plot of ground, 250 by 400 feet, overlooking the picturesque Saskatchewan river in the heart of the business district, and directly opposite the Edmonton club house.

H. Ross, supervising architect, says that for location, style, and completeness the hotel will rank with any of its size on the continent.

**Three Injured In Calgary Accident**

Calgary, Sept. 4.—The first serious accident of the week occurred this afternoon and that it was not attended with more serious consequences is a miracle. When the fast train returning from the Bayley-Alton house match, the street cars were taxed to their utmost, and a number of improved work cars had to be used in order to accommodate the citizens. One of these was a trailer being, proceeding down the hill, when the brakes proving inefficient on account of the additional weight and the car ran away, piling up at the intersection. Only three men were injured badly. The wreck had all the features of a fatal accident.

**VARICOSE VEINS CURED**

NO NAMES USED WITHOUT WRITTEN CONSENT. Confined to His Home for Weeks.

"Heavy work, severe straining and exertion led to youth brought on Varicose veins. When I worked hard the swelling would become severe and I was often laid up for a week at a time. My family physician told me the condition was very serious and I needed a cure. I was advised to look up all doctors and little better than that. One day my brother-in-law told me of a certain Dr. Kennedy and I told him my condition. He advised me to consult Dr. Kennedy and he had taken Varicose veins and cured them. I wrote him and got Dr. Kennedy's name. He gave me a circular and I sent it to my brother-in-law. The first month I treated I was somewhat improved. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$2 a week in a machine. I was treated, over 1 year, and never lost a day. I wish all sufferers knew of your valuable treatment."

DR. J. C. GILLESPIE.

**HAS YOUR BLOOD BEEN DISEASED?**

BLOOD POISONS are the most prevalent and most serious diseases. They sap the very life blood of the victim and unless entirely eradicated from the system will cause serious complications. Beware of Mercury. It may suppress the symptoms—our NEW METHOD cures all blood diseases.

## CYKO PAPER

WHAT IT IS, AND WHY  
YOU SHOULD USE IT.

CYKO is the best lamp-light developing paper on the market today. It requires less careful exposure than any other similar paper, and it is therefore the best amateur paper.

Negatives from which you get poor results will give you good results with CYKO. Pretty strong claims, but try it and see for yourself. NOT ONLY THAT—but it is the CHEAPEST paper.

All sizes up to Post Card size, 2 doz. for 25c.

Post Cards 15c doz. or 80c for 1/2 gross pkg.

3 1/4 x 5 1/2 and 4 x 5 paper 15c doz.

5 x 7 paper 30c doz.

Our sales are increasing by leaps every month on this paper.

## LOCAL AND GENERAL

What is Fletcher Music Method?

Rev. Brown has returned from

the newest in sweaters at Brown

and Fulton's.

Mrs. Dr. George is spending a few

weeks at the coast.

Arrow collars, quarter sizes, at

Brown & Fulton's.

Read the new booklet—"The Evolution

of Section Eight."

Mrs. Jarvis will hold her millinery

opening on Thursday and Friday

next.

Mrs. Sterling was the guest of

Mr. and Mrs. Henry Schaefer last

week.

Mrs. Lees, of Ottawa, is visiting

her brother, Judge Lees, and Mrs.

Lees.

Have you read the new booklet,

"The Evolution of Section Eight?"

—The Smith Land Co.

L. B. Potter, Saskatchewan, was the

guest of Dr. George for a few

days last week.

Fred Carscaddon, of Maledon &

Carscaddon, was in town for a few

days last week.

Wm. Trevelyan has purchased

Geo. Cameron's bakery and refreshment

business.

Free for the asking—a copy of

"The Evolution of Section Eight."

—The Smith Land Co.

Slates, scribbles, paints, crayons,

pencils, building blocks, and notions

at John McVicar's bookstore.

Mr. and Mrs. F. A. Saxe, of Cal

gary, were visitors with Mrs.

Clutterbuck, North Red Deer, last

week.

Councillor S. N. Carscaddon was

called out owing to the death of

his father at Dresden, Ont., last

week.

Mr. and Mrs. A. T. Bowchey have

returned from their trip to the coast.

Mrs. Bowchey is greatly improved in

health.

E. Michener, M.P.P., and Mrs.

Michener attended the banquet to

the Governor-General at Edmonton

last week.

Mrs. Leary and Miss McKinnan,

after taking in the Stampede, spent

a few days at Banff, enjoying the

mountain scenery, last week.

Mrs. Jarvis announces her fall

millinery opening for Thursday and

Friday next, 12th and 13th, in the

old stand, over Snell's jewelry store.

Our old friend A. Mason, post-

master at South Battleford, Sask.,

has been spending a few days in

town, the guest of Mr. and Mrs. A.

T. Stephenson.

The Orange Lodge meets next Tues-

day, September 17th, at 8 p.m. A

public debate starts at 9 p.m. Sub-

ject, "The best way to deal with the

St. Temere decree."

Councillor Satterley, of Innisfail, is

at the Memorial Hospital, having

undergone a rather serious operation

a few days ago. He is now on the

road to health again.

W. H. Hawthorne arrived in

town from the coast Friday. He

will stay and help out during the

harvest. Mrs. Hawthorne is

greatly improved in health.

A. T. Molinoux has returned to his

home, Southgate, Wolverhampton,

England, for the winter. His

trip will be of a business nature and

he expects to return in the spring.

Douglas Moore will be associated

with the firm of Seymour & Dave,

civil engineers. Mr. Moore comes

from Northern Ontario, and will

devote his attention chiefly to archi-

tecture and structural engineering.

The Smith Land Co. put through a

big real estate deal last week when

they sold James Speirs' half-section

and W. Speirs' quarter-section on

section three, two miles southeast

of town, to a Vancouver syndicate.

H. Rogers McConnell, Brandon,

who has been in town for some time

past preparing plans for laying out

of the college grounds, has been

the plans. Those who have seen

them are very much pleased with the

layout.

"Oliver Twist," in five photographic

acts, with Nat. C. Goodwin as

Fagin, should, and undoubtedly will,

draw a large and interested audience

at the Lyric Theatre on Wednesday

and Thursday nights, September 11

and 12. Prices, children 15c, adults

25c.

Mrs. Creighton, widow of the late

Bishop Creighton, of London, will

address the members of St. Luke's

W. A. and any other ladies, to archi-

tecture and structural engineering.

the church who care to attend, on Fri-

day afternoon at 3.30, in the vestry,

on the subject "Women's Work in the

Church."

Mr. White, representing Copley,

Noves & Randall, wholesale dealers

of Hamilton, will be at Brown &

Fulton's on Thursday, September 12,

with a complete range of overcoat

and suit samples. Have your meas-

ure taken for reference if you do

not need anything just now.

The Young People of the Baptist

Church, held a surprise party on Sat-

Sept. 3rd, at the home of Mrs. E.

R. Hill, in honor of Mr. and Mrs.

L. R. Piper, recently married. A

very pleasant evening was spent by

the young people, after which the

young couple were presented with

many useful presents, among which

we must not forget to mention the

beautiful rug made by the Willing

Workers Club, which was a fine

piece of work having 160 different

worked into the rug with Willing

Workers in the centre. The party

broke up at midnight, and every-

body left well pleased with the

evening's entertainment.

Fletcher Music Method.

Brown & Fulton's hats are the

talk of the town, \$2.50 and \$3.00.

Send a copy of the Smith Land

Co.'s new booklet to your friends.

Geo. P. Root, of Ponoka, was in

town looking up old friends on Mon-

day last.

Percy Smith left for Friday last

to take a commercial course at Mount

Royal College, Calgary.

The regular meeting of the W.C.T.

U. will be held at the home of

Mrs. Bowchey, Parkdale, Friday, Sep-

tember 13th, at 3.30.

Miss Florence Beers, graduate in

Fletcher Music Method, will soon

open classes in Red Deer. See ad.

in next issue.

Mrs. M. Jarvis wishes to announce

her fall millinery opening on Thurs-

day and Friday next, Sept. 12th and

13th, and following days. Remember

her place, over Snell's jewelry

store.

Mrs. Creighton, wife of the late

Bishop of London, speaks in the

assembly hall of the Public School

on Friday evening at 8 p.m. Her

subject will be "What we can do for

the next generation." Everyone who

has heard Mrs. Creighton knows how

ably and lucidly she speaks on social

and religious topics. She is one of

the foremost lady speakers of the

world. An invitation is extended to

all citizens to attend this meeting.

"Oliver Twist," in five acts, by the

Nat. C. Goodwin company, could be

witnessed in this country only by

very high rates of admission, but on

Wednesday and Thursday, September

11 and 12, Edwards' Babcock of the

Lyric Theatre has arranged to give

you "Oliver Twist" in 5 photographic

acts, with Nat. C. Goodwin as

Fagin, and promises this to be an

exceptionally fine treat, especially at

the prices of only 15c and 25c.

Remember the dates, Wednesday

and Thursday, September 11 and 12.

**Exhibit of Native Grasses**

The exhibit of native grasses by

Capt. Keast, at Red Deer Fair, was a

marvelous one, and A. McKenney,

Superintendent of Seeds and Weeds

of the Provincial Government, claim-

ed it was the finest exhibit of these

grasses ever shown in Western Cana-

da. He was anxious to have them

sent to the Dry Farming Congress,

Lethbridge, and he is negotiating

with Commissioner Davidson with

that end in view. There were some

sixty varieties in the exhibit, but the

Captain says it is not nearly com-

plete and it is his intention to add

to the collection.

**MISSION OF HELP.**

The faithful band of missionary

workers coming to Canada from the

Mar. Convent will give a recep-

tion in Trinity Church, Winnipeg,

Sept. 25th. Rev. Guy Pearce, of

Yorkshire, England, will hold a week

of special services in St. Luke's

Church, Red Deer, beginning Sunday,

September 24th. Every person in-

terested in mission work should at-

tend these services.

**POULTRY.**

The Red Deer Butter and Cheese

Mfg. Association will receive poultry

on Wednesday and Friday. Spring

chicken, 14c; fowl, 10c; duck, 15c;

turkey, 18c. Crops must be empty

or one-half pound per bird will be

deducted.
